# Important Considerations

*It's a gorgeous venue; but there are several important considerations to keep in mind:*

**Weather:** Outdoor events are subject to favorable weather conditions. Always have a wet-weather plan or backup indoor option in case of rain or extreme heat.

**Lighting:** As golf courses are primarily designed for daytime use, additional lighting arrangements may be necessary for evening events.

**Lightning Alerts:** In the event of a lightning alert, all guests must seek shelter immediately, and remaining outdoors is not permitted.

**Accessibility:** Buggies will be provided to transport guests between the Pyramid and the clubhouse. Alternatively, you may choose to hire a couple of 10-seater vans for guest shuttling, at your own expense.

**Guest Comfort:** The dinner venue is sheltered but does not have air conditioning.

**Bathrooms:** Please note that there is only one bathroom available at the Pyramid.

**Capacity:** The venue can accommodate up to 40 guests for dinner. Please refer to the proposed floor plan on the next page.
